

Risk Assessment

Spring 1 2022

17/01/22

Staff, pupils & household members test positive for COVID-19

From Monday 17 January, people who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6.

The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day. All test results should be [reported to NHS Test and Trace](#).

If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever is earliest.

Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10 day period of self-isolation.

Further [information on self-isolation for those with COVID-19](#) is available.

Temporary suspension of confirmatory PCR tests in education and childcare settings

Confirmatory PCR testing following a positive result on a lateral flow device (LFD) will be temporarily suspended from Tuesday 11 January. This means that for all education and childcare settings, staff and students who have tested (either at home or through ATS) and reported a positive LFD result will no longer be advised to get a confirmatory PCR test.

This change is informed by public health advice. With high COVID-19 rates, the risk of a positive LFD result being false is very small. We therefore don't need to ask people to do a confirmatory PCR unless they:

- have symptoms (in which case they need to follow the stay at home guidance, self-isolate and order a PCR test)
- wish to claim the Test and Trace Support Payment
- have been advised to take a PCR test because they are in a clinically vulnerable group
- have been advised to do so as part of a research or surveillance programme

Education and childcare settings are not expected to trace contacts of a positive case as this will remain the responsibility of NHS Test and Trace.

From Tuesday 11 January, contact tracing is triggered once a positive LFD test is reported.

Anyone with a positive LFD test result should self-isolate and follow self-isolation guidance.

Information on the new arrangements can be found in the [stay at home: guidance for households with possible or confirmed COVID-19 infection](#).

SKERTON ST LUKE'S CE SCHOOL RISK ASSESSMENT – COVID-19

NOTE: Due to the constantly changing situation, dynamic risk assessments must be carried out.
The general risk assessment below MUST be amended to reflect each school's specific controls on an ongoing basis.

PART A. ASSESSMENT DETAILS:

Area/task/activity: Full School opening arrangements during COVID-19 restrictions from January 2022

Location of activity: Skerton St Luke's CE Primary School

Team/School name: Address & Contact details:	Skerton St Luke's CE Primary School Slyne Road, Lancaster LA1 2JH	Name of Person(s) undertaking Assessment:	Mrs C Armistead
		Signature(s):	
Line Manager/ Headteacher:	Mrs C Armistead Headteacher	Date of Assessment:	17/01/22
Signature:		Date of Review:	14/01/22
		Planned Review Date:	21/02/22
How communicated to staff:	Email	Date communicated to staff:	17/01/22

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
Changes to official COVID-19 guidance and advice	Staff, pupils, visitors, contractors, parents	Potential spread of infectious disease	<ul style="list-style-type: none"> • School regularly refers to official advice from the DfE, PHE, HS&Q and HR; <ul style="list-style-type: none"> ○ Coronavirus (Covid-19): guidance for schools and other educational settings ○ Coronavirus (Covid-19): actions for schools and other educational settings ○ LCC Schools HR guidance ○ LCC Health & Safety COVID-19 web page • Headteacher or other senior person keeps up to date with official COVID-19 Guidance and informs employees/school arrangements as required. • Updated guidance from teaching and non-teaching unions. • The School will contact the DfE Helpline (0800 046 8687) as required for support on what action to take when responding to a positive case or

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

			possible outbreak.
Vulnerable & extremely vulnerable staff or pupils with pre-existing health conditions	Staff, pupils, household members	Becoming seriously ill from the effects of coronavirus, potential to be life threatening	<ul style="list-style-type: none"> • Staff who are identified as clinically extremely vulnerable through a current letter from the NHS or specialist doctor are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19. The government will write to people if they are required to follow more restrictive formal shielding measures due to an increase in risk in the worst affected areas; • Most children originally identified as clinically extremely vulnerable no longer need to follow original shielding advice. Parents are advised to speak to their child’s Doctor to clarify whether their child should still be classed as clinically extremely vulnerable; • Children whose Doctor has recently confirmed they are clinically extremely vulnerable are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 or the specific advice of their Doctor; • Pupils who are no longer required to shield but who generally remain under the care of a specialist health professional may need to discuss their care with their health professional. The school works closely with parents of children who are extremely vulnerable to support a return to school, carrying out an individual risk assessment as necessary; • School applies the measures set out in the government Guidance for full opening: schools as far as is reasonably practicable to reduce the risk to all staff, visitors and pupils including those who are extremely clinically vulnerable and clinically vulnerable; • The Headteacher will take steps to discuss the concerns of parents of pupils with possible risk factors and provide reassurance of the measures they are putting in place to reduce the risk in school. • Staff members who are in the most at risk categories are reminded to take particular care. • Where an employee expresses concerns, An individual risk assessment

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>will be completed to assess the risks to that individual and identify ways to reduce these risk to an acceptable level including where possible the need for any reasonable adjustments such as temporarily working from home or temporary deployment to a role where it is possible to maintain social distancing. This will be done in consultation with the member of staff and will be reviewed on a regular basis or in the event of any significant changes;</p> <ul style="list-style-type: none"> • Pregnant women are categorised as ‘clinically vulnerable’ as a precautionary measure and are advised to follow the Government guidance Coronavirus (COVID-19): advice for pregnant employees. As per the Management of Health and Safety at Work Regulations 1999 (MHSW) a new & expectant mother risk assessment and individual Covid-19 concerns risk assessment will be completed for all pregnant staff; • People who live with those who are clinically extremely vulnerable or clinically vulnerable attend the workplace as normal; • Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the COVID-19: review of disparities in risks and outcomes report. If people with significant risk factors express concerns an individual risk assessment will be completed to assess the risks to that individual and identify ways to reduce them to an acceptable level; • People who live with those who have comparatively increased risk from coronavirus (COVID-19) attend the workplace as normal;
<p>Staff, pupils & household members who are asymptomatic</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • School is actively engaging with the asymptomatic testing programme, promoting its benefits to staff, pupils and parents/carers; • A separate risk assessment is in place for the LFD on-site testing programme and home testing programme; • On site LFD testing is available for small number of pupils who are unable or unwilling to test themselves at home.
<p>Staff, pupils & household members displaying signs</p>	<p>Staff, pupils, visitors, contractors,</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Staff, parents and pupils are made aware of the virus symptoms;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>of COVID-19</p>	<p>household members</p>		<ul style="list-style-type: none"> • Staff, other adults and pupils are instructed not to come into school if they or members of their household have coronavirus (COVID-19) symptoms, or have tested positive in at least the last 10 days in-line with the guidance for households with possible coronavirus infection; • Staff or pupils showing COVID-19 symptoms are sent home, reminded to self-isolate for 10 days, and instructed to arrange a test to see if they have COVID-19; • Staff and parents are advised that other members of their household (including any siblings) do not need to self-isolate unless they test positive or display symptoms themselves; • Staff, parents/carers and pupils are required to provide NHS Test and Trace with details of anyone they or their child have been in close contact with if they test positive for coronavirus (COVID-19); • Staff and parents have been instructed to inform school immediately of the results of a test so that an assessment can be made of the potential impact on school; • If someone with symptoms tests negative and have not been told by the Test & Trace Team to self-isolate, if they feel well and have been without a fever for 48 hours they can stop self-isolating; • Staff who have assisted someone who has taken ill with COVID-19 symptoms and any pupils who have been in close contact with them, will wash their hands with warm, running water and soap for a minimum of 20 seconds. They do not need to go home unless they display the symptoms themselves or are advised to do so by NHS Test and Trace, the school or Local Health Protection Team; • If a pupil displays symptoms their parent/carer will be required to take them home. Where this is not immediately possible, the pupil will be placed in a separate room, the ROOM OF WONDER, until they can be collected, whilst being mindful of the individual pupils' needs; • Ideally, a window will be opened in the room for increased ventilation;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • If it is not possible to isolate the pupil e.g. if it causes them undue distress or they need to remain under adult observation, an assessment will be carried out to see whether it is sufficient to move them to an area which is at least 2 metres away from others; • If an individual (adult or child) showing COVID-19 symptoms, needs to use the toilet while waiting to go home, they will use a separate toilet (the disabled toilet) if possible. The toilet will then be cleaned and disinfected before being used by anyone else; • The area around the person with symptoms will be cleaned and disinfected using disposable cloths or paper towels and disposable mop heads after they have left to reduce the risk of passing the infection on to other people as per the COVID-19: cleaning of non-healthcare settings guidance; • When caring for someone with symptoms of coronavirus (COVID-19) or providing emergency first aid a face mask should be worn if a distance of 2 metres cannot be maintained. If direct contact is necessary, then gloves, an apron and a face mask should be worn. Eye protection will also be worn by the supervising adult.
<p>Staff, pupils & household members test positive for COVID-19</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • People who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6. • The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day. All test results should be reported to NHS Test and Trace. • If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>is earliest.</p> <ul style="list-style-type: none"> • Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10 day period of self-isolation. • Further information on self-isolation for those with COVID-19 is available. <p>Temporary suspension of confirmatory PCR tests in education and childcare settings</p> <ul style="list-style-type: none"> • Confirmatory PCR testing following a positive result on a lateral flow device (LFD) will be temporarily suspended from Tuesday 11 January. This means that for all education and childcare settings, staff and students who have tested (either at home or through ATS) and reported a positive LFD result will no longer be advised to get a confirmatory PCR test. • This change is informed by public health advice. With high COVID-19 <ul style="list-style-type: none"> • have symptoms (in which case they need to follow the stay at home guidance, self-isolate and order a PCR test) • wish to claim the Test and Trace Support Payment • have been advised to take a PCR test because they are in a clinically vulnerable group • have been advised to do so as part of a research or surveillance programme <p>rates, the risk of a positive LFD result being false is very small. We therefore don't need to ask people to do a confirmatory PCR unless they:</p> <ul style="list-style-type: none"> • Education and childcare settings are not expected to trace contacts of a positive case as this will remain the responsibility of NHS Test and Trace. From Tuesday 11 January, contact tracing is triggered once a positive LFD test is reported. • Anyone with a positive LFD test result should self-isolate and follow self-

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>isolation guidance.</p> <ul style="list-style-type: none"> Information on the new arrangements can be found in the stay at home: guidance for households with possible or confirmed COVID-19 infection. School will follow the guidance in the latest PHE (Lancashire) Schools Resource Pack (circulated to schools via the Schools Bulletin) which provides advice on managing positive cases and who to contact for help; In the event that a parent or guardian insists on a child attending school, the Headteacher will take the decision to refuse the child if in their reasonable judgement it is necessary to protect their pupils and staff from possible infection with coronavirus (COVID-19). Any such decision will be carefully considered in light of all the circumstances and current public health advice.
<p>Transmission of Covid-19 due to lack of consultation on safe working practices and provision of information & instruction on safe ways of working.</p>	<p>Staff, pupils, visitors, contractors, parents</p>	<p>Spread of infectious disease</p>	<ul style="list-style-type: none"> Guidance and training is provided for staff to ensure they understand, and can enforce, the new routines and support pupils in understanding them and are familiar with revised physical arrangements; Senior leaders within school ensure staff are consulted when considering local arrangements and there is ongoing engagement with staff (including through trade unions and employee representative groups) to monitor and understand any unforeseen impacts of changes to working environments; Senior personnel, are available to offer support and advice and to monitor the current working arrangements on a daily basis; All new staff and volunteers are provided with a site induction and adequate information, instruction and training on local health, safety and COVID secure arrangements and their key roles and responsibilities; Signage, posters and other instructions are displayed to support implementation of COVID secure measures; Up to date information and guidance on how to manage the risks associated with COVID -19 are available on the Health & Safety Website. Rapid testing remains a vital part of our plan to suppress this virus. Schools should follow the guidance set out for their settings:

			<p>dining areas between groups;</p> <ul style="list-style-type: none"> • Different groups in the dining area will be kept apart as much as possible; • Large gatherings such as assemblies or collective worship with more than one group are managed to avoid being in close proximity to each other as much as possible. • Pupils are kept in class groups during P.E and outdoor sports are prioritised where possible; • When indoor sport takes place a large indoor space is used maximising distancing between pupils and scrupulous attention is given to cleaning and hygiene;
Transmission of COVID-19 during physical education	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Only team sports listed on the <u>return to recreational team sport framework</u> will be played. Competition between different schools will be carefully managed to avoid contact as much as possible. • Pupils are kept in consistent groups during P.E and outdoor sports are prioritised where possible; • When indoor sport takes place a large indoor space is used, maximising natural ventilation flows through opening windows and doors or using air conditioning systems wherever possible, distancing between pupils and scrupulous attention is given to cleaning and hygiene; • Where necessary external facilities are also used in line with government guidance for the use of, and travel to and from, those facilities; • Specialist curriculum risk assessments will be put in place for <u>indoor & outdoor</u> P.E taking into account specific <u>guidance on physical education</u>;
Transmission of Covid-19 through airborne particles due to close proximity to others			<ul style="list-style-type: none"> • Staff to maintain a 2 metre distance from each other where possible. • Primary school staff maintain a 2 metre distance from pupils as far as is reasonable and when circumstances allow. Masks and face coverings must be worn by staff and adult visitors in situations where social distancing between adults is not possible, this includes all areas outside their classroom including: communal areas and when moving around

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>school and when on the school playground.</p> <ul style="list-style-type: none"> • In addition, staff and pupils are not required to wear face coverings in classrooms and other teaching environments. • Primary school staff avoid close face to face contact and minimise time spent within 1 metre distance of anyone; • All staff and pupils are expected to adhere to the current social distancing guidelines as far as is reasonably practicable; • Staff and pupils have been instructed to sanitise their hands before putting on and removing a face covering, not to touch the front of their face covering during use or when removing it and to place reusable face coverings in a sealable plastic bag (that the wearer has brought with them) between uses as per government guidance on face coverings; • A small contingency supply of disposable face coverings will be available for instances where staff, pupils or visitors have forgotten to bring one of theirs has become soiled during the course of the day; • Bins are provided throughout the school for the disposal of disposable face masks. The contents of bins is disposed of as normal domestic waste unless the wearer has symptoms of COVID-19 in which case they will be disposed of in line with the guidance on cleaning for non-healthcare settings; • Outside agencies engaging with pupils on a face to face, one to one basis will only be able to do this when essential for the child’s wellbeing e.g CAMHS or CANW Support. Adults will be asked to wear clear visors when working one to one with children to stop the potential spread of the virus. • Classrooms have been adapted to support social distancing where possible including; <ul style="list-style-type: none"> ○ seating pupils side by side and facing forwards, ○ Where children are facing each other there is a 1.5m distance

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>between them.</p> <ul style="list-style-type: none"> ○ moving unnecessary furniture out of classrooms to make more space; ● Where practical desks have been assigned to individuals or to the All teachers and other staff can operate across different classes and year groups to facilitate the delivery of the timetable and specialist provision. Where staff need to move between groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults. Try to minimise the number of interactions or changes wherever possible.
<p>Transmission of Covid-19 through airborne particles due to inadequate ventilation</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> ● The school has followed the LCC Design & Construction guidance on the use of ventilation and air conditioning; ● As much as possible, fresh air is increased within buildings by opening windows and doors frequently to encourage ventilation, taking account of any potential security, fire safety issues or inclement weather; ● During winter months, as a minimum, windows will be fully opened 15 minutes before a room is used, and whenever a room is unoccupied in order to purge the air; ● Where possible, windows will be kept partially open at times of occupation. ● To balance the need for increased ventilation while maintaining a comfortable temperature some flexibility on suitable indoor clothing is permitted, furniture is arranged where possible to avoid direct draughts and high level windows are opened in colder weather in preference to low level to reduce draughts;
<p>Transmission of Covid-19 through airborne particles due to singing, chanting, playing wind or brass instruments or shouting.</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> ● See Separate Risk Assessment for Music ● Singing, and playing wind and brass instruments will not take place in larger groups such as school choirs and ensembles, or school assemblies; ● During music lessons or clubs involving singing, shouting or the playing of wind and brass instruments group sizes will be restricted to 15;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • A 2 metre social distance will be maintained and pupils will be positioned back to back or side by side; • Instruments will not be shared where at all possible, where this is not possible frequent cleaning of instruments between use will take place; • When practical, singing and wind/brass instruments will be played outside. If this is not possible windows will be opened to encourage good ventilation. • Performances to a live audience are not permitted; • <i>Further detailed guidance is available on working safely during coronavirus (Covid-19): performing arts</i>
<p>Transmission of COVID-19 during Wraparound Provision</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Attendance at after school clubs is restricted as outlined in the guidance Protective measures for holiday and after-school clubs, and other out of school settings during the coronavirus outbreak; • As far as is possible, children are kept in a group with other children from the same bubble they are in during the school day or; • Each child has their own, named set of resources. Shared resources are meticulously cleaned before being shared with a different bubble or; • Resources shared between bubbles are left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles; • When the area is in Tier 4 'Stay at Home – Lockdown', Wrap around care will be suspended to avoid all mixing of children and adults from different bubbles. • <i>For more information on wraparound provision see LCCs guidance & checklist on Extended Services in Schools.</i>
<p>Transmission of Covid-19 staff work areas</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • All staff will take PPA off site, where practical; • The occupancy of the school office is restricted to ensure social distancing rules can be observed;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • The school office layout has been rearranged to facilitate side by side working rather than face to face; • Shared work areas are avoided. Where this is not possible work areas are thoroughly sanitised before and after use by different people; • Sanitising wipes are available to enable shared desks and equipment to be cleaned before and after use, staff are reminded of this requirement regularly; • Measures have been put in place to protect office staff when dealing with contractors, parents and visitors. Glass louvres offer protection for office staff and visitors. • Use of non-classroom space has been allocated and timetabled to avoid mixing of bubbles.
<p>Transmission of Covid-19 staff rest areas</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Lunch breaks for staff are staggered. Staffroom will only be available for heating/ getting food/drinks. Staff room furniture has been reconfigured to maintain social distancing and reduce face to face contact. • Signage and floor markings support staff to maintain 2 metre distance; • Staff are encouraged to bring their own food to work or to order school dinners. Staff are encouraged not to purchase food off site to prevent possible transmission of the COVID-19 virus through contact with other people and/or contaminated surfaces.
<p>Transmission of Covid-19 through airborne particles due to face-face meetings</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Staff Meetings will be a mixture of face to face meetings and meetings using remote working tools. • Meetings of up to 12 adults can be held in a sanitized, well ventilated classroom or other room where people can remain 2 metres apart. • Meetings of up to 30 adults can be held in the school hall as long as adults remain 2 meters apart and where appropriate face coverings. • Full staff meetings can be held outdoors with all social distancing measures in place.

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • Meetings to be held via remote working tools wherever the above in not possible; • Hand sanitiser is provided where handwashing facilities are not immediately available; • Disinfectant wipes are available in designated meeting rooms to enable staff to wipe down shared equipment before and after use;
<p>Temperature of rooms due to windows being open to keep rooms well ventilated.</p>	<p>Staff, pupils, visitors</p>		<ul style="list-style-type: none"> • Heating is on for longer in the day. • Staff have been provided with warm clothes to wear in school. • Pupils are encouraged to wear extra layers. They attend school on PE days in PE kit with extra warmth layers. School warm hoodies are available for purchase. • Suggested temperature is 16C, following union guidance.
<p>Need for Personal Protective Equipment (PPE)</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Staff are aware of the need to use the appropriate PPE when completing specific tasks e.g. cleaning or supporting an individual with coronavirus symptoms; • PPE is sourced through normal school procurement routes; • Disposable gloves are worn during normal cleaning regimes. Disposable gloves and impermeable aprons must be worn when cleaning areas that have been occupied by someone displaying symptoms of COVID-19; • When caring for someone with symptoms of COVID-19 a face mask should be worn if a distance of 2 metres cannot be maintained and if contact is necessary, gloves, an apron and a face mask should be worn. • If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, eye protection will also be worn by the supervising adult. • Staff and pupils are instructed on the need to wear a face covering by law on public transport and have been given guidance on wearing and making

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>face coverings;</p> <ul style="list-style-type: none"> • Staff are provided with information and instruction on the use and disposal of PPE including face masks; • Further guidance is available on safe working in education, childcare and children's social care.
<p>Dealing with emergency situations including accidents, security and evacuation during the COVID-19 pandemic</p>	<p>All building occupants</p>	<p>Untreated injuries, potential spread of infectious disease</p>	<ul style="list-style-type: none"> • In an emergency, e.g. an accident or fire, people do not have to stay 2m apart if it would be unsafe but should do so where this is possible; • In case of a full evacuation of the building e.g, in case of a fire, the last adult to leave the corridor will pull the fire doors closed behind them. At the end of the school day fire doors to be closed. • First Aiders are aware of and follow the Government guidance for first responders; • The First Aid Needs Assessment has been reviewed and amended to take account of current occupancy, numbers of first aiders required and additional PPE needed during the COVID-19 pandemic including provision of disposal gloves, disposal plastic aprons, fluid repellent surgical face masks and visors as required; • Pupils who require first aid will continue to receive care in the same way; No additional PPE is needed because of COVID-19 for any pupil who does not have symptoms; • When administering first aid to an adult a face mask should be worn if a distance of 2 metres cannot be maintained. If direct contact is necessary, gloves, an apron and a face mask should be worn; • If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing or vomiting, eye protection will also be worn by the first aider; • Staff involved in the provision of assistance to others in an emergency including first aid are instructed to pay particular attention to sanitation measures immediately afterwards including washing hands for 20 seconds

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			under warm, running water or using hand sanitiser; • <i>Further guidance on first aid is available on Health & Safety Executive website;</i>
Reduced premises inspections, tests, servicing and maintenance	All building occupants	Accidents or incidents resulting from poorly maintained premises & plant	• Premises management inspections, testing and servicing of plant, equipment; • Records of all testing and checks are stored and available to all interested parties.
Transmission of Covid-19 in Reception Class from visiting prospective or current parents & carers	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	• Visits from parents and carers to the Reception Class is restricted to visits that are necessary only and remote contact is utilised when possible; • Virtual tours are carried out for prospective parents and carers where possible; • Parents and carers entering the setting to help settle their child will stay for a limited amount of time, if possible for no more than an hour; • Parents & carers will be required to wear a face covering in line with locally agreed arrangements, regularly sanitise their hands including on entering and leaving the setting and maintain strict social distancing from staff, other visitors and children other than those in their care at all times.
Transmission of Covid-19 through airborne particles from customers, visitors and contractors accessing the building	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	• Visitors to site including contractors, parents and visitors are limited to essential persons only and wherever possible by appointment only; • Where visits can happen outside of school hours, they will; • Supply teachers, peripatetic teachers and/or other temporary staff are permitted and can move between schools; • To minimise the number of different temporary staff entering the school premises, wherever possible the school will use longer assignments with supply teachers and agree a minimum number of hours across the academic year. This will apply to supply teachers and peripatetic teachers as well as sports coaches, and those engaged to deliver before and after school clubs;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • They will be instructed to ensure they minimise contact and maintain as much distance as possible from other staff; • All visitors will follow the Government's guidance and the school's strict hygiene and social distancing rules e.g. hand washing/sanitisation upon entry; • Visitor/Contractor site rules & procedures have been revised to include additional controls to mitigate the risk of transmission of COVID-19; • Reception staff responsibilities have been established in relation to COVID-19 and the communication of procedures required by contractors and visitors to site; • Office staff are aware of and explain additional hygiene and social distancing rules required by contractors and visitors on arrival; • Signing in/out arrangements for visitors have been modified to prevent the handling of pens and paper by multiple people; • A record of all visitors is kept in the event this may be required for track and trace purposes; • A procedure is in place to sanitise touchscreen sign-in systems each time they are used; • Contractors must obtain permission before attending site; • When necessary, contractors to familiarise themselves with the asbestos survey for the building prior to works commencing – this can be downloaded from the PAM system. Alternatively, the executive summary to be provided as a laminate which must be wiped clean with disinfectant wipes after use; • Contractors will wear appropriate PPE as determined by their employer, however they may be asked to wear additional PPE (provided by the school) upon arrival e.g. gloves, mask, coveralls, shoe covers, etc. where this is considered necessary. Contractors will comply with any additional PPE or hygiene requirements made by the school prior to entry;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> Contractors will be asked to keep the time spent on site to a minimum and will make all efforts to only attend site to carry out work during periods of reduced occupation; Alternative routes around or through the premises will be used as instructed by the school e.g. the school may usher the contractor through a fire escape door to access an adjacent room, rather than walking them through the school to reach their destination; The number of site deliveries has been reduced where possible; Staff handling deliveries will observe good hand hygiene, washing hands using warm, running water and soap for a minimum of 20 seconds or using hand sanitiser after handling new deliveries that have not been sanitised.
Homeworking with DSE	Staff and members of their household	Development or worsening of existing musculoskeletal injuries or health conditions	<ul style="list-style-type: none"> Homeworking will usually involve the use of Display Screen Equipment (DSE) in the form of mobile laptops, Yogas, tablets, phones, etc.; Staff working from home have undertaken DSE e-learning and are aware of how to set-up their workstation and equipment at home so as not to cause additional health risks; Staff have access to H&S information and support to assist homeworking arrangements such as: H&S COVID-19 web page (section on 'How to support employees working from home'); Remote H&S support is available via the Duty Officer by Tel: 01772 538877 or email HS&Q Team at: health.safety@lancashire.gov.uk ; In circumstances where staff are homeworking for more than one month at a time, a Homeworker Checklist & Risk Assessment (see link to above web page) will be completed to identify any issues or concerns. The finding will be discussed with the line manager at school and further action taken where necessary.
Stress and Anxiety	Staff	Increased levels of	<ul style="list-style-type: none"> Senior personnel monitor working arrangements and offer support and

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
		stress/anxiety and lower than normal levels of wellbeing	<p>advice where necessary;</p> <ul style="list-style-type: none"> • Staff are able to contact colleagues or managers for advice and support, or just for reassurance, during the normal working day; • A process is available for individuals to report concerns over breaches of school safe working policy/guidelines so that intervention can occur; • Where a member of staff returning to the workplace has raised concerns about their safety or wellbeing due to the risk of COVID-19, where necessary their line manager will complete a risk assessment addressing COVID-19 concerns for an employee to help identify key concerns and any further adjustments required to support them at work; • Staff are made aware of sources of information that will assist staff wellbeing such as: <ul style="list-style-type: none"> ○ Employee Wellbeing ○ MIND web site ○ H&S COVID-19 web page • The Department for Education is providing additional support for both pupil and staff wellbeing in the current situation. Information about the extra mental health support for pupils and teachers is available; • The Education Support Partnership provides a free helpline for school staff and targeted support for mental health and wellbeing.

This general risk assessment will apply to this area/task/activity in most schools providing the control measures described are in operation and there are no further local significant hazards. If it does not fully apply and further control measures are required, please complete the Action Plan at Part C. If it fully applies please sign below.

I certify that the risk assessment above fully applies to the area/task/activity under assessment in Skerton St Luke's CE School
